DESCRIPTION

This 2012 Audi Q5 TDI SE offers a practical choice for drivers seeking a well-maintained vehicle with 110,150 miles on the clock. As a capable SUV, this model features a 2.0 litre diesel engine paired with a four wheel drive system, providing stability across various road conditions. Inside the cabin, the SE trim includes electronic 3-zone climate control to keep all passengers comfortable, while rear parking sensors assist with manoeuvring in tight spaces. Staying connected on the move is straightforward thanks to the integrated Bluetooth mobile telephone preparation.

The efficiency of this vehicle stands out, as it achieves a fuel economy of 48 mpg, making it a sensible option for those mindful of running costs. It also benefits from low CO2 emissions, which is a positive attribute for a vehicle of this size. Beyond its efficiency, the Q5 is designed with a large boot space, offering plenty of room for luggage, shopping, or equipment. These combined features make this Audi a balanced and versatile vehicle that manages to combine everyday utility with economical performance.
