DESCRIPTION

This 2015 BMW X5 30d M Sport is a well-maintained example of a premium SUV, having been kept by only two owners from new. With a recorded mileage of 90,431 miles, this vehicle combines the reliability of a 3.0L diesel engine with the capability of a four-wheel drive system. It meets Euro 6 emission standards, ensuring it remains compliant with modern environmental regulations. The M Sport trim adds a distinct aesthetic and specification level to this model, making it a practical choice for those seeking a balance of performance and utility.

The vehicle offers a range of features that enhance both comfort and driving dynamics, setting it apart from similar models in its class. Drivers can benefit from the convenience of a head-up display and a multi-functional instrument panel, while the interior is equipped with comfort seats featuring four-way electric lumbar support for the front passengers. The exterior is fitted with 20-inch light M double spoke style 469M alloy wheels, which complement its performance capabilities, including an acceleration of 0-62mph in 6.8 seconds. Beyond its driving performance, this X5 provides a large boot space for luggage and a towing capacity of 3,500 kg, making it highly versatile for various needs. Additionally, it falls into a low insurance group, offering a more cost-effective ownership experience compared to many other vehicles of this size and power.
