DESCRIPTION

This 2010 Land Rover Freelander 2 TD4e Sport LE has been well maintained throughout its life, having had only three owners from new. This capable SUV is powered by a 2.2 litre diesel engine and features a four wheel drive system, making it a reliable choice for various driving conditions. As part of the Sport LE trim, this vehicle combines the rugged practicality expected of a Land Rover with specific styling elements that define this particular variant.

The TD4e model is notable for its low CO2 emissions, which sets it apart from many other vehicles in its class by offering a more efficient driving experience without compromising on performance. This focus on efficiency, combined with the robust engineering inherent in the Freelander 2, ensures that this vehicle remains a practical and sensible option for those seeking a capable four wheel drive that balances power with environmental considerations.
