DESCRIPTION

The 2010 Lexus RX 450h SE-I represents a refined choice for those seeking a reliable and well-engineered vehicle. This model is powered by a 3.5 litre petrol hybrid engine, which works in tandem with a four wheel drive system to provide a balanced driving experience. As an SE-I trim, it offers a specific set of specifications designed to meet the needs of drivers looking for a practical and comfortable SUV from this production year.

This vehicle distinguishes itself through a combination of performance and efficiency. It is capable of accelerating from 0 to 62mph in 7.9 seconds, demonstrating that the hybrid powertrain is well-suited for both motorway driving and everyday journeys. Furthermore, the model benefits from a low insurance group rating, which helps to manage the ongoing costs of ownership compared to many other vehicles in its class. This blend of responsive acceleration and sensible running costs makes it a sensible option for a wide range of motorists.

FEATURES

- Dark Grey gloss Trim
- Radio
