## DESCRIPTION

This 2014 Mercedes-Benz CLA220 CDI AMG Sport is a well-maintained vehicle that has had only two owners from new. It features a 2.1-litre diesel engine and is classified as Euro 6 for emissions. As an AMG Sport trim model, it combines the distinctive styling associated with this variant with the practical performance of a diesel engine, making it a suitable choice for those seeking a reliable and recognisable saloon.

The vehicle offers a range of practical features designed to make daily driving more comfortable and efficient. It includes the Becker Map Pilot satellite navigation system and both front and rear parking sensors with parking assistance to help with manoeuvring in tight spaces. Inside, the automatic climate control with a digital display ensures a consistent cabin temperature, while the integrated Bluetooth interface allows for easy connectivity. Beyond these features, the car is notable for its fuel economy of 67 mpg, low CO2 emissions, and a low insurance group, all of which contribute to more manageable running costs compared to many similar vehicles in its class.
