ULEZ	Compliant

DESCRIPTION

This 2017 Vauxhall Mokka X Elite is a practical and well-maintained choice, having been cared for by only two owners from new. Powered by a 1.6 litre petrol engine that meets Euro 6 emission standards, this vehicle offers a balanced driving experience suitable for a variety of journeys. The Elite trim level provides a comprehensive specification, ensuring that the car is well-equipped for daily use while remaining accessible to a wide range of drivers due to its low insurance group rating.

The vehicle is designed with comfort and convenience in mind, featuring the Winter Pack which includes heated seats and a heated steering wheel for colder days. Inside, the R4.0 IntelliLink touch-screen infotainment system keeps you connected with Apple CarPlay, Android Auto, and Bluetooth integration. Practicality is enhanced by electronic climate control with air conditioning, while automatic lighting control ensures the headlights activate when needed. The exterior is finished with 18-inch diamond cut bi-colour 10-spoke alloy wheels, which complement the overall design and distinguish this model from others in its class.
